Security self-declaration

Business: Example Electrical Ltd State as of: 23 October 2026

Prepared for: [customer or insurer, entered per recipient]

This self-declaration describes the state of information security at Example Electrical Ltd on 23 October 2026. Every field uses one of four answers: in place, partly, not yet with a target date, or not applicable with the reason. An honest "not yet" with a date is a complete answer.

Overview

Area	In place	Partly	Not yet	N/A
